## **CableCARD**

### **What is a CableCARD?**

A CableCARD is a one-way device roughly the size of a credit card that can be used with a compatible device to access D & P Communications services without renting a D & P TV Box or TV Adapter. D & P supports CableCARD-compatible devices such as TiVo, Ceton or SiliconDust; and CableCARD-ready televisions. If you subscribe to D & P TV service, you have the option of purchasing a CableCARD-compatible device from a retailer or if a D & P TV Box or TV Adapter is not included with your D & P TV service, you can rent a D & P TV Box or TV Adapter.

### **What is the cost of a CableCARD?**

To get a CableCARD from D & P Communications, stop by one of our Local offices.

CableCARD's are \$5.95/month

There is a one-time setup fee of \$40.00
