

Call Forwarding

Routes callers to an alternate number

How to use:

Pick up handset and listen for dial tone.

Press *72

Listen for dial tone

Dial the number you want your calls forwarded to (speed calling codes may be used if you subscribe to this feature). When someone answers at the forwarded number, call forwarding is put into effect.

If there's no answer, or the line is busy, hang up and repeat the previous steps. If you do this within two minutes, you'll hear two beeps meaning your call forwarding is put into effect.

To change the forwarded number:

Follow the steps below to discontinue call forwarding and then repeat the steps above.

To discontinue call forwarding:

Lift the handset and listen for dial tone.

Dial *73

Listen for two beeps. Call forwarding is now discontinued.
